

GreenCityCon 2026: Redefining Urban Planning and Sustainable Architecture

Conference Proceedings

February 23, 2026 - UAE

Carbon Neutrality from Strategy to Certification

Samir Thabet

Sustainability Advisor, Dubai, United Arab Emirates

Abstract

Dr. Thabet will explain how carbon neutrality can be achieved through a real-life case study of his home in the Emirate of Sharjah. The presentation will cover the full journey, starting with setting carbon reduction targets, followed by strategy development and implementation, measuring the project's carbon footprint, and finally obtaining official certification for the work.
