The Greatest Medical Quackeries in the History of the World

ABSTRACT

The Queen's coronavirus diagnosis was announced by Buckingham Palace on February 20, 2022. A spokesman said at the time, "Buckingham Palace confirm that The Queen has today tested positive for COVID. Her Majesty is experiencing mild cold-like symptoms but expects to continue light duties at Windsor over the coming week. She will continue to receive medical attention and will follow all the appropriate guidelines," the statement concluded. The Queen is widely reported to be fully vaccinated and her COVID-19 diagnosis came after her son, Prince Charles, and his wife, Camilla, Duchess of Cornwall also tested positive for coronavirus. The Queen last met with Charles, 73, on Feb. 8, 2022, two days before he received his diagnosis. Both Charles and Camilla are triple vaccinated [1]. The use of vaccines to prevent COVID-19 is the greatest medical scam in the history of the world. There is evidence stating that viruses, including Ebola, HIV/Aids, COVID-19 were man-made to kill humans [2]. Thus allopathic medical practitioners and Big Pharma create diseases to kill humans and enrich themselves at the same time. They do not have any conscience in destroying humanity, world economies and social life. More than half of the global population is now fully vaccinated against COVID-19. But the threat of more variants means it is too early to assume victory over the virus — even amid declining cases, says the World Health Organization [3]. Vitality Therapy™ or the Bible Cure prevents and cures all incurable diseases by heightening the immune system. This can be achieved in the comfort of one's home.

Introduction

Allopathic medical practitioners and Big Pharma are raking in billions of profits annually by scamming the whole world. They do not cure diseases. In fact, the word cure is not in their vocabulary. They only modify symptoms of diseases. They see disease as cash cow; hence it is not their intention to find cures to diseases. When there is no disease, they create one. For example, they are killing people by prescribing cholesterol reducing medications. The cholesterol in humans is produced by the liver. The human brain and nervous system are mainly cholesterol. It is essential for nerve cells to function. Cholesterol is the basis for the creation of all the steroid hormones, including estrogen, testosterone, and corticosteroids. High cholesterol in the body shows that the liver is in good health. According to Dr. George V. Mann, MD, associate director of the Framingham study for the incidence and prevalence of cardiovascular disease and its risk factors states, "saturated fats and cholesterol in the diet are not the cause of coronary heart disease. That myth is the greatest deception of the century, perhaps of any century. Cholesterol is one of the biggest mainstream medical scams of all time. There is no thing as bad cholesterol". The human body needs 950 mg of cholesterol for daily metabolism and the liver is the main producer. Only 15% of cholesterol is obtained from the food we eat. There is nothing like LDL or HDL. What does this finding imply? Cholesterol reducing medications destroy the liver, the brain, and the nervous system. In addition, lack of cholesterol causes

mental illness and the following diseases: Neurodegenerative and Neuromuscular Disorders (Multiple Sclerosis, Amyotrophic Lateral Sclerosis, Muscular Dystrophies, Frontotemporal Dementia (Pick's Disease), Alzheimer's Disease, Huntington Disease, Parkinson's Disease, Erectile Dysfunction, Stroke and Dementia. Thus, they are killing billions of people slowly and at the same time making trillion dollars profit by creating neurodegenerative and neuromuscular Disorders.

The biggest allopathic medical scam in history is the use of vaccines to treat COVID-19 and its variants. It has been proved by the scientific world that viruses are killed by heat [4-11]. Medical instruments contaminated with viruses are disinfected in autoclaves. Various peer-reviewed publications have also shown that viruses are killed by thermo-therapy. In spite of the overwhelming evidence, allopathic medical practitioners and Big Pharma are using vaccines to treat viruses. Nations have spent trillions of dollars on vaccines that do not work. The Prime Minister of Canada and a lot of people have taken three jabs, yet they contracted COVID-19 infections. Tropical countries have not been affected severely by the pandemic. Cold climate countries have experienced tremendous infection rates, especially during the cold winter months and less severe infection rates during the summer months because viruses are killed by heat. Thermo-therapy can be applied at individuals' homes; thereby relieving governments of unnecessary expenditure and human deaths by depending on vaccines that do not work. Thermo-therapy, which boosts the human immune system, is the cheapest and the most effective option for the prevention, treatment, and curing all viral infections, including the COVID-19. Thermo-therapy (infrared sauna, infrared blankets, and steam baths) can be used

at people's homes to heighten their immunity, thereby attaining wellness and disease-free living. There is no need to visit allopathic medical practitioners who do not have your interest at heart but to kill you slowly, while enriching themselves.

New research from some studies supports the theory that SARS-CoV-2, originated from animals in a Wuhan, China wet market [12]. But despite what mainstream messaging might insist, the origin story of the pandemic virus is false. A new prospective study published in February 2022 in *Frontiers in Virology*, for example, offers an alternative view on the viral origin that points to the lab leak theory [13]. According to the study in question, called "MSH3 Homology and Potential Recombination Link to SARS-CoV-2 Furin Cleavage Site," a team of researchers discovered a small section of the gene sequence in the pandemic virus's so-called "furin cleavage site," found on its spike protein, that matches *exactly* with a small genetic sequence found in a gene owned by Big Pharma and mRNA COVID shot maker Moderna.

Here's a good description from The Daily Mail that will help clarify what is meant by a furin cleavage site: "*SARS-CoV-2 ... carries all the information needed for it to spread in around 30,000 letters of genetic code, known as RNA. But it is the only coronavirus of its type to carry 12 unique letters that allow it to be activated by a common enzyme called furin. This in turn makes the virus better at invading neighbouring cells. The so-called furin cleavage site is located on the virus' spike protein, the structure that binds to human cells in the first place. Scientists sometimes add this element to lab viruses to make them more infectious, but in nature, pathogens can acquire it by swapping genetic code with other members of their family* [13]." It turns out that this highly specialized genetic sequence is a perfect match for a small sequence found in a gene called MSH3 – which was patented by Moderna back in 2016 for cancer research.

Two years into the pandemic, it is difficult to ignore the mounting evidence crushing the theory that COVID-19 is of zoonotic origin. However, plenty of diseases are known to start in animals and pass to humans (or, in some cases, humans to animals). A few of the most well-known zoonotic diseases include: Rabies, Cat scratch disease (*Bartonella henselae*), Salmonella, Anthrax, Avian flu, Cowpox, Giardiasis, Lyme disease, Listeriosis, Hepatitis E, Ringworm, Toxoplasmosis and Streptococcal sepsis [13].

According to the authors of the study, there is a one in 3 trillion chance that this specific sequence developed naturally. Additionally, the fact that there is "100% identity" with this part of SARS-CoV-2 and a part of a patented gene made by Big Pharma is "highly unusual". It's likely not enough data to *prove* a lab leak theory, but it does offer enough contrasting evidence to the animal origin theory to warrant further investigation, say the study authors [13]. To-date, the world has observed that vaccines cannot prevent or treat the COVID-19 pandemic. This is the greatest quackery in the history of medicine.

Vitality Therapy™ with its three prong approach to wellness and longevity, uses infrared radiation to kill all viruses and their variants. Prevention and treatment of COVID-19 can be achieved by 30 to 60 minutes irradiation in an infrared sauna or infrared blanket. The greatest scam in allopathic medical history is the use of vaccines to prevent COVID-19 infections and all diseases caused by viruses. Other scams include, but not limited to creating Neurodegenerative and Neuromuscular Disorders (Multiple Sclerosis, Amyotrophic Lateral Sclerosis, Muscular Dystrophies, Frontotemporal Dementia (Pick's Disease), Alzheimer's Disease, Huntington Disease,

Parkinson's Disease, Erectile Dysfunction, Stroke and Dementia with cholesterol reducing pharmaceutical drugs. Thus, they are killing billions of people, especially older people slowly, and at the same time making trillion dollars profit by creating diseases.

It is declared that the bullying by allopathic medical practitioners and Big Pharma is over. Nobody has to visit these quack medical practitioners who will prescribe expensive, toxic pharmaceutical drugs that do not cure any disease. If the drug does not kill you, the side effects will definitely kill you. All that people need is to purchase infrared sauna (approximately \$2,000) or infrared blanket (less than \$200), drink natural hot spring or ionized water (ionizer costs approximately \$3,000 for the whole family, cheaper than bottled water) or ordinary tap water plus adding supplements to their diet to heighten the immune system. The body can cure itself of all diseases thrown at it due to heightened immune system. Thus one can obtain wellness and longevity at home without seeking help from quack drug pushers. This is the end of medical quackery!

Objective

The objective of medical arts or science is to develop medical protocols for the wellness and longevity of human beings. Unfortunately, allopathic medical practitioners and Big Pharma have deviated from this humane objective. Instead, they see disease as a cash cow and will do whatever, including death to prevent advancement in curing diseases [14]. The objective of this document is to educate the world the atrocities and medical quackery practised by allopathic medical practitioners. One can live disease free by using infrared saunas or blankets, drinking micro-clustered hydrogen-rich alkaline water (water ionizer) and alkaline diet with supplementation. Infrared blankets cost approximately \$200. If one cannot afford alkaline water ionizers, one can drink lemonade and stop drinking acidic beverages like coke. The body should be maintained in an alkaline state as microbes, viruses and disease causing microbes cannot exist in an alkaline medium. Heat also kills all viruses and their variants.

Vitality Therapy™

After conducting 22 clinical trials successfully, we have discovered a three-pronged approach to the prevention and treatment of all curable and incurable diseases. This therapy is called Vitality Therapy™ or the Bible Cure. The three prongs are:

- i. Vital Energy
 - o Infrared energy from the sun or infrared medical devices.
 - o Wavelength of the infrared is 5 to 20 micrometers.
- ii. Vital Water
 - o Hydrogen-rich, micro-clustered, antioxidant, alkaline water which is used to modify and enhance the pH of the human body.
- iii. Vital Food
 - o Multivitamins and minerals for supplementation
 - o Proper nutrients enhance the healing process and prevent diseases.

What is the difference between western, allopathic, or conventional medicine and the Vitality Therapy™ approach to disease prevention, management, and treatment? The paradigm characterizing western or allopathic medicine is as follows: for a specific disease, physicians use a specific therapy, typically pharmaceutical drugs, surgery, or radiation. The treatments are disease specific.

- i. If one has cancer, physicians may use surgery, chemotherapy, or radiation for cancer treatment.
- ii. If one has another disease such as diabetes, chemotherapy,

- surgery, or radiation will not be useful.
- iii. One must use a drug that is specific for diabetes, such as insulin or an oral agent, for example Metformin HCl (Glucophage®). There is a new medical paradigm, Vitality Therapy™ which can be exemplified by strengthening the human immune system.
 - i. The human body can treat itself from any disease provided that the immune system is strengthened.
 - ii. Hence the focus of the Vitality Therapy™ is to strengthen the immune system by providing the body the energy and essential plant-based nutrients it requires for repairs and growth in an optimum pH environment. Acidic foods, such as beef and pork, are avoided.

Thus, the paradigm shift is from disease-specific treatment offered by allopathic medical practitioners and Big Pharma, to enhancing the human immune system for the treatment of curable and incurable diseases. We strongly believe that all diseases are curable because of the **heightened immunity**. Let us compare Drug Therapy with Vitality Therapy™ (Table 1). It is very clear from Table 1 that Vitality Therapy™ offers superior management of diseases than pharmaceutical drugs. Vitality Therapy™ cures diseases while pharmaceutical drugs only modify disease symptoms.

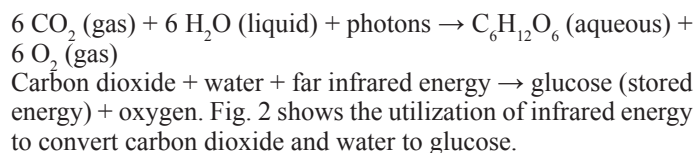

Table 1: Drug Therapy Compared With Vitality Therapy™

DRUG THERAPY (PHARMACEUTICALS)	VITALITY THERAPY™
Based on artificial chemicals	Plants, vitamins, minerals, micro clustered antioxidant and hydrogen-rich alkaline water, and infrared energy
Artificial therapy	Natural therapy
Generally, destroys human life	Sustains human life
Destroys human immunity	Enhances human immunity
Acidifies the human body	Alkalizes the human body
Induces diseases (e.g., Dexamethasone Induces Diabetes)	Heals curable and incurable diseases
Causes the ageing of the body	Reverses ageing
Oxidizes the body	Anti-oxidation of the human body
Toxic chemicals	Natural products
Destroys brain and nerve cells	Brain and nerve cells are regenerated
Destroys cartilage causing arthritis	Regrows cartilage, thus cures arthritis
Feeds cancerous cells	Destroys cancerous cells
Causes neurodegenerative diseases	Cures neurodegenerative diseases
Causes neuromuscular disorders	Cures neuromuscular disorders
Destroys mitochondria in the body	37.2 trillion mitochondria are rejuvenated to provide energy and reverse the ageing process
Numerous side effects. The drugs and the side effects will, in general, cause death	NO SIDE EFFETS
Awfully expensive and only minimizes symptoms of diseases.	Minimum cost. The heightened immunity heals and prolongs life.

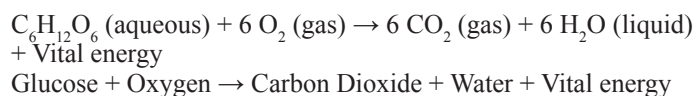

The fundamental principles underlying the three-pronged approach

- to wellness, longevity and disease-free living are as follows:
- i. Humans are living energies and the energy level must be kept as high as possible. Figure 1: Shows that Humans Emit Infrared Energy with the Average Wavelength of 10 Microns.
 - ii. What we eat is ultimately what determines our health, energy level and the state of our body and alkaline diet is essential to our wellness;
 - iii. The human body shall be kept in an alkaline condition (pH of 7.3 to 7.4) as pathogens and viruses generally cannot exist in alkaline medium (Blood pH is 7.365);
 - iv. Water is critical to good health. Humans are approximately 75% water. Water purity, its hydrogen content, alkalinity, and anti-oxidative properties are important to health;
 - v. Multi-Vitamins and minerals are essential to our wellness;
 - vi. We cannot eliminate stress from our lives. However, we can learn how to manage it; and,
 - vii. Exercise must be part of our daily routines.

The existence of almost all life on earth is the result of energy obtained from the sun. Plants use the infrared portion of sunlight to turn carbon dioxide into sugars in photosynthesis. The sugars are then used as building blocks and in other synthetic pathways which allow organisms to grow. A simple general equation for photosynthesis is as follows:

Animals, including humans, obtain vital energy directly from the sun and indirectly by eating the products from plants either directly in the form of sugars or indirectly by eating other animals. The sugars and other molecular components produced by plants are then broken down in respiration, releasing stored vital energy or infrared energy and giving animals and humans, the energy required for survival as follows:

Witch Hunt by Allopathic Medical Practitioners, Health Canada, and the Competition Bureau of Canada

A day after the City TV appearance, two health Canada inspectors showed up at the clinic [15]. They inspected the infrared heating pad and the vital water ionizer and found nothing wrong with them. In the Multi-Vitamins and Minerals room, the inspectors noticed that the supplements ordered from Youngevity Inc., an American renowned supplements manufacturer, approved by the USA Government, had directions in English language only. The inspectors informed me that they were shutting down the Centre for Incurable Diseases because I had contravened the language laws of Canada. Canada is a bilingual country; English and French. I informed the inspectors that the pharmacy located on the main floor of the building was selling products with Mandarin only; no French or English. It was then revealed to me that they had been directed by Health Canada to find faults to shut me down.

As the result of the appearance on City TV, my life was threatened. I had to escape to New Britain, Connecticut in 2017. I returned to Toronto in 2018 after the mysterious death of Honey and Barry Sherman, in December 2017. The Shermans were the billionaire owners of Apotex Inc., the biggest pharmaceutical products

manufacturer in Toronto, Canada [16]. I am a servant of God, and I am working under the guidance of the Holy Spirit. To-date, three people in the Greater Toronto Area, who tried to stop God's work by attempting to kill me have died mysteriously. A number of Christian physicians have been killed in North America by allopathic medical practitioners and Big Pharma. Seven Doctors were Mysteriously Found Dead after Summit for Breakthrough Cure for Cancer [14].

On April 23, 2020, the Competition Bureau of Canada shut down my newly opened clinic, Cancer, Diabetes and Stress Management Clinics of the Americas Inc., which was located at 760 Lakeshore Road East, Mississauga, Ontario, Canada. The reason given was that because I could cure Cancer, Diabetes, and other incurable diseases, I had a competitive edge over allopathic medical practitioners hence my clinic had to be closed.

I agree with Dr. Benjamin Rush, George Washington's personal doctor and a signer of the Declaration of Independence who stated that, "Unless we put medical freedom into the Constitution, the time will come when medicine will organize into an undercover dictatorship to restrict the art of healing to one class of Men and deny equal privileges to others; the Constitution of the Republic should make a Special privilege for medical freedoms as well as religious freedom." The quotation is from The United Medical Freedom Super PAC [18]. Allopathic medicine has become such a dictator. Big Pharma and allopathic medical practitioners, who see disease as cash cow and do not cure any diseases control western governments because they have trillions of dollars. The money is acquired by practising medical quackery. Examples of medical quackery are shown in Table 2. They are killing humans with toxic pharmaceuticals and vaccines and at the same time, amassing wealth at the expense of innocent people.

The #5 Best Cancer Hospital in the world killed my spouse, Georgina Donyina in 2015. Georgina underwent radiation for cancer of the brain. The physician, Anthony Bray, who had only first degree in medicine (MD), prescribed Dexamethasone which induced Diabetes. Each time Georgina attended the hospital, blood works were done before she met the specialist. The test included "Glucose" level in the blood. The physician never checked the glucose level and Georgina passed away due to diabetic coma. I contacted the hospital for a meeting. Sharon Brade, the ombudsman informed me that she would arrange a meeting. It has been eight years since Georgina was killed. I am yet to have a meeting with the ombudsman.

As a professional engineer, if I design a drinking water plant and the plant produces contaminated water that kills people, the Ontario Professional Engineers Association, the governing body, will revoke my professional engineering licence and I would possibly face jail term. Allopathic medical practitioners are protected by various associations of "Physicians and Surgeons" and western governments. The only profession that **BURY THEIR MISTAKES, including death.**

Licensing Vitality Therapy™ and Lack of Government Support

The Federal government and all the provincial governments have been contacted to support the work I have been doing to find cures to all incurable diseases but to no avail. When my life was in danger in 2017, I contacted the Premier of Ontario. Kathryn Wynn for protection but my request fell on deaf ears.

On December 8, 2021, I wrote letters to the Prime Minister of Canada, the Honourable Justin Trudeau, and all Canadian Premiers for the approval of **Vitality Therapy™** for the treatment of both curable and incurable diseases, including COVID-19 infections. Only one Premier acknowledged the receipt of my letter.

Because the Canadian Prime Minister and all premiers are controlled by allopathic medical practitioners and Big Pharma and the trust in vaccine therapy, other viable options, like Vitality Therapy™, are ignored. If vaccines are reliable, why do people who have had three jabs like the Prime Minister of Canada, the Honourable Justin Trudeau, and President Barack Obama have been infected after a third inoculation?. It appears that the whole world has been brain washed to accept vaccine therapy as the only option to stop the pandemic. World economies are being destroyed, millions of people are dying, and the scam still goes on with Big Pharma and allopathic medical practitioners making billions of dollars profit. It is rather unfortunate that the Canadian government and the Ontario provincial government have forced me into bankruptcy by shutting down my clinics and refusing to license Vitality Therapy™.

Additional Examples of Medical Quackeries by Conventional Medicine and Big Pharma

From the results of the 22 clinical trials, it was found that participants suffering from cancer, arthritis, diabetes, neurodegenerative and neuromuscular disorders, HIV/Aids and kidney diseases and other incurable diseases were healed. Genetic conditions such as sickle cell anemia could be successfully managed. We have successfully regrown bone and cartilage in people with arthritis. We have regenerated brain cells. Stroke patients have had their brain and nerve cells regenerated. We have also shown that dead heart cells can be regenerated.

We have documented that all diseases are curable and medical conditions thought to be due to genetics are now preventable and reversible by the three-pronged approach of Vitality Therapy™. In addition, the DNA script can perform at optimal levels to promote wellness. We have found that the ageing process is reversible. Ageing is the result of DNA telomeres in chromosomes becoming shorter. Telomeres become damaged and shortened with the passage of time. Pollutants to the body accelerate the ageing process. With illness and diseases being eliminated by Vitality Therapy™ the ageing process is eliminated. Thus, one achieves disease-free living because of the heightened immune system and becomes forever young.

We have concluded that all Incurable Diseases are curable by vitality Therapy™ by heightening the human immune system. Let us compare the cost of treating diseases by comparing allopathic medicine and Vitality Therapy™

Table 2: Comparison of Vitality Therapy™ and Allopathic Medicine

Disease	Vitality Therapy™	Allopathic Medicine
Cancer	All stages of cancer can be cured. Treatment costs varies from \$1,000 to \$4,000	Success of radiation, chemotherapy, and surgery is less than 10%. Cost varies from \$100,000 to \$1,000,000. My wife was killed by physicians at the Princess Margaret Cancer Centre. The prescribed Dexamethasone Induced Diabetes and she died of diabetic coma in 2015.
Diabetes	Completely cures diabetes. Treatment cost varies from \$1,000 to \$4,000	Incurable. Diabetes may lead to blindness and amputation. Lifetime cost, which finally leads to death varies from \$800,000 to \$2,000,000
HIV/Aids	100% prevention and cure. Treatment cost varies from \$1,000 to \$4,000	Incurable. Treatment cost is over \$600,000
COVID-19 Infections	Preventable and curable. Treatment cost varies from \$200 to \$300	Incurable. The biggest medical scam. Milking governments billions of dollars, destroying national economies and peoples' social lives.
Neurodegenerative Diseases	Completely curable. Treatment cost varies from \$200 to \$400	Incurable. 2nd biggest scam is cholesterol reducing drugs which cause neurodegenerative and neuromuscular diseases. The brain, testosterone, and estrogen are 100% cholesterol.
Neuromuscular diseases	Completely curable. Treatment cost varies from \$200 to \$400	Incurable. Very high treatment cost.
Arthritis	Completely curable. Treatment cost varies from \$200 to \$400. Main supplement is shark cartilage	Surgery by orthopaedic physicians. Cost varies from \$40,000 to \$90,000.
Sickle Cell Genetic Condition	Completely reversible at the foetal stage. In adults, crisis are successfully managed. Treatment costs varies from \$200 to \$400. Prolongs life span.	Non-reversible and incurable. Destroys life. My son was killed by physicians at Toronto General Hospital, #4 best hospital in the world, when performing tracheotomy against my advice. He died on the operating table in 2000
All diseases caused by viruses including but not limited to COVID-19, HIV/Aids, Influenza.	Preventable and curable. Treatment cost varies from \$200 to \$400	Vaccine therapy is the greatest medical scam; milking people and governments billions of dollars.
Heart Diseases	Completely curable. Damaged cells are regrown. Clogged blood vessels are cleaned. Treatment cost varies from \$200 to \$1,000	Temporary relief by angioplasty and other surgical procedures. Cost varies from \$800,000 to \$2,000,000.

The most practical aspect of Vitality Therapy™ is that patients can treat themselves at minimal cost at home without visiting allopathic medical practitioners or taking toxic pharmaceutical drugs. Vital energy medical devices like infrared blankets and saunas are inexpensive. Infrared blankets, Fig 3, cost approximately \$200 and are portable. Infrared saunas, Fig. 4, cost between \$1,000 to \$3,000. To avoid dehydration patients can drink ordinary tap water or vital water. Vital water has additional curative properties due to the presence of dissolved or ionized hydrogen and alkalinity. Dr. Otto Warburg, 1981 Nobel Prize winner, stated that diseases cannot exist in an alkaline body [19]. Good food and supplementation are available at minimal cost. Junk food must be avoided. You are what you eat. Let your food be your medicine. Vitality Therapy™ is affordable by poor and rich people alike.

My advice is to avoid using allopathic practitioners and toxic pharmaceutical products. These quack medical practitioners do not cure diseases. They use toxic pharmaceutical products to modify symptoms of diseases. Vitality Therapy™, which uses natural products can be applied at home; thereby making allopathic medical practitioners and Big Pharma useless. Allopathic medicine is necessary for some surgeries and emergency medicine. Medical scams and financial drain by allopathic medicine and Big Pharma must be stopped forthwith. It is about time that world governments and the general population wake up to the brain washing by

allopathic medicine and Big Pharma who cannot cure diseases. The word CURE is not in their vocabulary. They see disease as cash cow.

How to Achieve Wellness and Longevity, Live Disease-Free, and End the COVID-19 Pandemic

By following the following protocols as outlines in the Vitality Therapy™, the pandemic can easily be ended, and one can achieve wellness and longevity.

Vital Energy

Humans, animals, and plants are living energies. When this vital energy™ is taken away, humans as well as all living creatures die. A cold lifeless human body signifies the loss of this vital energy™. This vital energy™ which sustains life on earth, is obtained directly from the sun which was created by God and indirectly from the food that we eat and from man-made medical devices. This vital energy™, with the wavelength of 5 to 20 micrometers within the far infrared range of the electromagnetic spectrum, has been found to be the same as the energy generated by respiration that keeps both humans and animals alive. The energy produced by respiration is used to keep humans warm, build and repair tissues, maintain heartbeat, grow, reproduce, and maintain good health. It has been found that this vital energy™ can be obtained by the excitation of atoms and molecules of silica, ceramic oxides, carbon, and other materials.

- i. Purchase infrared sauna (\$1,000 to \$3,000) or infrared blanket (\$200). Use the infrared sauna or blanket daily or every other day to boost your immunity.
- ii. Set temperature of the infrared sauna or blanket from 39° to 50° Celsius.
- iii. Drink 500 cc to 1,000 cc of vital water (i.e., hydrogen-rich, micro-clustered, antioxidant, alkaline water) to alkalize the pH of the water in the body and to prevent dehydration. If one does not have an ionizer, one can drink ordinary tap water. The benefits of alkalizing the body, however, are lost.
- iv. Stay in the infrared sauna or infrared blanket for 30 to 60 minutes daily.

In the clinical trial using Vitality Therapy™ to cure HIV/ Aids on August 14, 2009 [6- 8], it was found that heat killed the human immunodeficiency virus (HIV). Furthermore, the article by Hirayama explains how sauna therapy works against RNA viruses, including COVID-19. The article states that, “Heat shock protein-70 (HSP 70) is increased by sauna therapy and inhibits viral protein export and replication”. In other words, heat kills viruses. Please note that there was no COVID-19 in desert areas or tropical countries. The coronavirus was imported from cold climate countries to desert and tropical countries. It is also noteworthy that the maximum number of infections by COVID-19 occurs during the winter months in Canada and in other cold climate countries. Infections decrease tremendously during the warmer months [4-5]. The human immune system is enhanced by infrared energy which increases the body temperature. The normal body temperature is approximately 36.5°C-37.5°C. Vital energy irradiation increases the body temperature to the range of 37.5°C-39.0°C which is equivalent to fever temperature. The temperature could even be higher than 39.0°C or high fever range, depending on the temperature setting of the infrared sauna or blanket. The high body temperature causes an unbearable environment for pathogens and viruses. White blood cells also rapidly proliferate due to the suitable environment and can also help fight off the harmful viruses, pathogens and microbes that have invaded the body.

The body temperature in the fever range has several important functions in the healing process:

- increased mobility of leukocytes
- enhanced leukocytes phagocytosis
- endotoxin effects decreased;
- increased proliferation of T Cells; and,
- enhanced activity of interferon.

The Centers for Disease Control stated that, “Generally, coronaviruses survive for shorter periods at higher temperatures and higher humidity than in cooler or dryer environments”. Abraham, provided, “a reasonable estimate for near complete thermal destruction of coronavirus. For temperatures above 65°C (149°F) it is expected to cause near complete inactivation with exposures greater than 3 minutes. For temperatures between 55°C and 60°C (131°F-140°F) heating should last 5 minutes or more. However, for temperatures in the range 50°C-55°C (122°F-131°F) we recommend 20 minutes or longer of exposure. At these levels, we expect the viral concentration to be lowered by log 5-7, near or below the detectable limit”. Hence, when a patient infected with COVID-19 is exposed to 37.5°C-39.0°C in an infrared sauna, the coronavirus dies [4].

Alkalinity

When the body is in the alkaline state by drinking sufficient vital water or eating alkaline foods, cancer cells destruction works in a

different manner. Pathogens cannot exist in an alkaline body and the vital water provides such an environment. Energy is provided by the vital energy medical device. White blood cells and killer T-cells rapidly proliferate due to the suitable environment and fight off the harmful pathogens and microbes that have invaded the body as well as killing cancer cells. Oxygenation: Oxygen deficiency is the cause of multiple diseases including cancer, and that oxygen is the source of good health.

Dr. Otto Warburg received the Nobel Prize in 1931 for proving that cancer cells cannot live in the presence of oxygen. Cancer growths contract and disappear when the oxygen saturation is sufficiently increased in the fluids surrounding them, as cancer cells are anaerobic [19]. Let us take a closer look at the importance of water in our bodies. As babies we are approximately 75 to 80% water and as we grow older this percentage decreases until the percentage is reduced to approximately 60 to 65% for men and 50 to 60% for women. The human brain is about 85% water, and our bones are between 10 to 15% water. The chemical structure of water is H₂O, and both the hydrogen and oxygen atoms have great importance as life giving properties and a preserving force to our systems. The blood, lymph and cerebral spinal fluid in the human body are designed to be slightly alkaline at a pH of 7.4. At a pH slightly above 7.4 cancer cells become dormant and at pH 8.5 cancer cells will die while healthy cells live.

It must be noted that the pH of the blood, lymph and cerebral spinal fluid remain between 7.35 to 7.45. The pH of the water in the body becomes alkaline as measured by the pH of urine. Hence, the second prong of Vitality Therapy™ is to make the water in the body alkaline. Studies show that Vital Water™ (i.e., micro-clustered and hydrogen-rich, alkaline, ionic, antioxidant water) has the most powerful antioxidant properties, better than vitamins A, C, E, beta carotene and selenium, which improves ones’ body’s defense (immunity) against disease. Dr. Lynda Frassetto of the University of California at San Francisco studied several people and found that at age 42 to 45 the human body becomes acidic. The accumulation of the acid waste in the body causes several degenerative diseases like cancer, diabetes, and high blood pressure [20].

Oxygenation

Oxygen deficiency is the cause of multiple diseases including cancer, and that oxygen is the source of good health. Dr. Otto Heinrich Warburg received the Nobel Prize in 1931 for proving that cancer cells cannot live in the presence of oxygen. Cancer growths contract and disappear when the oxygen saturation is sufficiently increased in the fluids surrounding them, as cancer cells are anaerobic [19]. Let us take a closer look at the importance of water in our bodies. As babies we are approximately 75 to 80% water and as we grow older this percentage decreases until the percentage is reduced to approximately 60 to 65% for men and 50 to 60% for women. The human brain is about 85% water, and our bones are between 10 to 15% water. The chemical structure of water is H₂O, and both the hydrogen and oxygen atoms have great importance as life giving properties and a preserving force to our systems. The blood, lymph and cerebral spinal fluid in the human body are designed to be slightly alkaline at a pH of 7.4. At a pH slightly above 7.4 cancer cells become dormant and at pH 8.5 cancer cells will die while healthy cells live.

It must be noted that the pH of the blood, lymph and cerebral spinal fluid remain between 7.35 to 7.45. The pH of the water in the body becomes alkaline as measured by the pH of urine.

Hence, the second prong of Vitality Therapy™ is to make the water in the body alkaline. Studies show that Vital Water™ (i.e., micro-clustered and hydrogen-rich, alkaline, ionic, antioxidant water) has the most powerful antioxidant properties, better than vitamins A, C, E, beta carotene and selenium, which improves one's body's defense (immunity) against disease. Dr. Lynda Frassetto of the University of California at San Francisco studied several people and found that at age 42 to 45 the human body becomes acidic. The accumulation of the acid waste in the body causes several degenerative diseases like cancer, diabetes, and high blood pressure [20].

Vital Water

Water ranks as the most important nutrient. Humans can survive only eight to ten days without water, whereas it takes weeks or even months to die from lack of food. Water circulates through the blood and the lymphatic system, transporting oxygen and nutrients to cells and removing wastes through urine and sweat. It also has other uses such as maintaining the natural balance between dissolved salts and cushioning effects for the joints and soft tissues. The human body shall be kept in an alkaline condition (pH of 7.3 to 7.4) as pathogens and viruses generally cannot exist in alkaline medium (Blood pH is 7.365). Water is critical to good health. Humans are approximately 70% water. The purity, alkalinity, and hydrogen gas content (anti-oxidation properties) are extremely important to health. With radiation from wireless and other man-made devices bombarding humans at an alarming rate, causing oxidative damage to every cell of the body, vital water™, with its strong antioxidation properties and can penetrate every cell of the body, is critical in blocking and reversing the ageing process of oxidative damage.

There are several kinds of water ionizers on the market. The ionizer that I have used for over 20 years is the Enagic product SD501. This ionizer uses platinum electrodes; hence the price is a bit higher than the competition. The Enagic water ionizer cannot be purchased without a distributor's number. My Enagic Distributor's number is 1418834. The company will give me a commission by selling the water ionizers. Please purchase the Enagic Kangen Water ionizer from the Enagic company worldwide. I did not receive any financial support from any organization or governments. I used my personal funds. By purchasing the Enagic Water Ionizer, using my distributor number of 1418834 the company will give me commission which will help defray some of the cost incurred in conducting the successful 22 clinical trials, leading to Vitality Therapy™ for the wellness of the whole human race.

Vital Food

Multi-vitamins and minerals found in all foods play an important role in helping to regulate the body's many processes and functions (Homeostasis). They can help monitor the balance between cell growth and cell death, particularly between cancer cell growth and cancer cell death and many other diseases. Continuing research over the years has shown that the loss of several vitamins and minerals can contribute to uncontrolled cancer cell growth and that, conversely, increased ingestion through foods or supplementation can slow the development and/or progression of diseases.

During photosynthesis, plants convert infrared energy from the sun to glucose by using carbon dioxide and water. The body cells contain mitochondria which are responsible for producing energy from glucose through respiration. Science indicates that the number of mitochondria get decreased with age and through toxic radiation. 37.2 trillion Mitochondria are rejuvenated to provide energy and reverse the ageing process by Vitality Therapy™. The carbon dioxide released is utilized by plants during photosynthesis as shown in the equations above.

Conclusion

The greatest scam pulled by allopathic medical practitioners and Big Pharma is the use of vaccines to kill or control viral infections, such as HIV and Coronavirus. World economies have suffered as the result of the COVID-19 pandemic and at the same time, these entities have made billions of dollars profit. Health Canada, which is controlled by allopathic medical practitioners and big Pharma, did not approve the author's COVID-19 clinical trial. However, it must be noted that clinical trials are for pharmaceutical drugs which are toxic to humans. When natural things like water, infrared and supplements are used for treating diseases, as in the case of Vitality Therapy™ clinical trials are not needed.

All viruses, including but not limited to HIV, Influenza, Ebola virus, Rabies, Smallpox, Hantavirus, Dengue, Rotavirus, Sars-CoV, Sars-Cov-2, MERS and all their variants are killed by heat. I agree with anti-vaxxers that the disadvantages of using vaccines to control viral infections out way advantages, if any. It has been recorded that the vaccines have caused several diseases and death over the years. The manufacturers are not prosecuted because they are protected by governments.

The annual influenza vaccine is useless. By winter, the manufactured vaccines have become useless because the influenza virus had mutated. Millions of people become sick after receiving the annual influenza vaccine. In spite of several shortcomings, governments are spending billions of dollars on useless influenza vaccines. In addition, national governments, like the Canadian and American governments, are protecting the manufacturers of vaccines and they cannot be sued for deformation or death caused by vaccines. It is my opinion that all vaccines should be banned forthwith to stop carnage and deformations.

Thermotherapy (saunas and steam baths and infrared blankets) can be used at people's homes to heighten the immune system. Because of the heightened immunity, people can fight all illnesses and enjoy disease-free living making allopathic medical practitioners and Big Pharma who thrive on disease useless and archaic. Thus, the cost of national health care systems will be minimized.

To milk Canadians billions of dollars every year, Princess Margaret Cancer Centre runs lottery for cancer research. In addition, there is Terry Fox Run for cancer research. Where are the results?. The Cancer Centre sees disease as cash cow, and they will prevent or even kill researchers like me who have found a cure for cancer. This is a medical scam.

The pandemic is here to stay. Different variants will continue to appear. If the World Health Organization and governments do not seek viable and proven alternatives, like Vitality Therapy™, senseless deaths will continue, and countries and corporations will go bankrupt while allopathic medical practitioners and Big Pharma continue to scam the world.

Cholesterol is one of the biggest mainstream medical scams of all time. There is nothing as bad cholesterol. The human body needs 950 mg of cholesterol for daily metabolism and the liver is the main producer. Only 15% of cholesterol is obtained from the food we eat. There is nothing like LDL or HDL. What does this finding imply? Cholesterol reducing medications, a multi-billion dollars industry, destroy the liver, the brain, and the nervous system. In addition, lack of cholesterol causes mental illness and the following diseases: Neurodegenerative and Neuromuscular Disorders (Multiple Sclerosis, Amyotrophic Lateral Sclerosis, Muscular Dystrophies, Frontotemporal Dementia (Pick's

Disease), Alzheimer's Disease, Huntington Disease, Parkinson's Disease, Erectile Dysfunction, Stroke and Dementia. Hence; these medications shall be banned forthwith, by World Health Organization and various worldwide medical governing bodies, like Health Canada.

It has been proven, without reasonable doubt, that COVID-19 was created by allopathic medical practitioners and Big Pharma, and it did not originate from animals in a Wuhan, China, wet market. Christian physicians who denounce the fake origin of COVID-19 and the potency of useless vaccines are persecuted by national governments. They are labelled as the spreaders of "mis information" or "Fake News". Such atrocities by governments, especially Canadian and American governments, shall cease forthwith. Health Canada and the Competition Bureau of Canada have forced the author into bankruptcy by closing the "Centre for Incurable Diseases" in Toronto in 2016 and the "Cancer, Diabetes and Stress Management Clinics of the Americas Inc.", located at 760 Lakeshore Road East in Mississauga, a suburb of Toronto. When Bunting and Best discovered insulin, they were awarded a Nobel Prize. When the author discovered cures for diabetes, cancer, HIV/Aids, COVID-19 and other incurable diseases, allopathic medical practitioners and Big Pharma tried to kill him. The Canadian government forced him into bankruptcy.

The author and his family follow the protocols of Vitality Therapy™. The author's calendar age is 80 years old. His inner or cellular age as measured by a medical instrument is 52 years young. God has informed him that he would live to at least 120 years old and anyone who tries to harm or kill him will die mysteriously. The author is a healing evangelist and an anointed servant of God.

In order to attain disease-free living and longevity, and get rid of the COVID-19 pandemic, the author recommends that each family should purchase either an infrared blanket (costs less than \$200) or infrared sauna and use it daily or every other day to improve human immunity. Tap water must be drunk to avoid dehydration. This is affordable by most families in the world and should end the COVID-19 pandemic and cure several diseases.

For maximum protection against all diseases, including all virus diseases, richer families are encouraged to purchase either an infrared blanket (costs less than \$200) or infrared sauna and use it daily or every other day to improve human immunity. Instead of drinking tap water to avoid dehydration, they should purchase Enagic Corporation's ionizers with the price range of Leveluk JR II to K8; \$2,380 to \$4,980 US. These ionizers are made in Japan with expensive Platinum Electrodes. The author's distributor ID is 1418834. The author and his family have used the most popular model Leveluk SD501 which cost \$3,980 for several years without any problems. The only thing which has to be changed is the filter. The Enagic Corporation pays the author a commission for each unit sold, enabling him and his family survive financially, in spite of the forced bankruptcy by the Canadian government.

The Biden Administration should seize all assets of Anthony Fauci and his accomplices, try them in the court of law for crimes against humanity and imprisoned for life. The key witness should be Dr. Judy Mikovits [2]. The evidence presented in the interview cited in this paper is the Gospel truth. Other suggested witnesses shall be Ambati BK, Varshney A, Lundstrom K, Palú G, Uhal BD, et al [13]. God is angry with allopathic medical practitioners and Big Pharma who are killing His children senselessly. This

document was written under the direction and guidance of the Holy Spirit. During the US Presidential campaign, the author saw Trump as Nebuchadnezzar, eating grass on the White House lawn. While Trump's supporters, the racist US Evangelicals led by Paula White were predicting a Trump victory, God told the author that President Biden would win the US Presidential election per my Twitter statement:

"President Biden will win by a landslide majority. It is a shame that Trump is thinking of winning the presidency. America lost its leadership, and the western allies became leaderless. He was Putin's stooge".

Empowering Public Conscience through Natural Law:

It is my wish that the western world, especially America, Canada, and the United Kingdom, will wake up from the deceptions made by allopathic medical practitioners and prosecute the enemies of humanity and bring them to justice. The medical system should revert to natural medicine or Naturotherapy as practised by our ancestors before advent of allopathic medical practitioners and Big Pharma whose interests are in creating patents from natural medicinal plants and herbs (pharmacognosy and pharmaceutical chemistry), creating diseases, and milking people and governments trillions of dollars.

In conclusion, I am quoting some of the objectives of the Grand Jury, the Court of Public Opinion Empowering Public Conscience through Natural Law:

"We, a group of international lawyers and a judge, hereby are conducting criminal investigation modelled after the United States Grand Jury proceedings. This Grand Jury Investigation serves as a model legal proceeding to present to a jury (consisting of the citizens of the world) all available evidence of COVID-19 Crimes Against Humanity to date against "leaders, organizers, instigators and accomplices" who aided, abetted, or actively participated in the formulation and execution of a common plan for a pandemic. Crimes to be investigated include all acts performed or omitted by a person in pursuance of a common design to commit Crimes Against Humanity, and all such criminal acts condemned in the various communities of jurors around the world.

This investigation is of the people, by the people and for the people and shall be referred to as the 'Peoples' Court of Public Opinion. Having been unable to find a court to hear the actual evidence in the current system's courts of law, we are undertaking this proceeding outside of the current system and based on natural law. This, in turn is founded on the firm belief that every person can easily distinguish between good and evil, and between right and wrong.

The allegation is that the world's governments have come under the controlling influence of corrupt and criminal power structures. They colluded to stage a pandemic that they had been planning for years. To this end they deliberately created mass panic through false statements of fact and a socially engineered psychological operation whose messages they conveyed through the corporate media.

The purpose of this mass panic was to persuade the population to agree to the so-called "vaccinations" which have in the meantime be proven to be neither effective, nor safe, but extremely dangerous, even lethal.

The economic, social, and health damage that these Crimes Against Humanity have caused to the world's population can be measured in quadrillions of dollars" [21].
