

International Conference on Carbon Capture, Storage & Utilization 2026: Pathways to Net-Zero (ICCCSU 2026)

Conference Proceedings

February 23, 2026 - UAE

De-carbonization Golden Paragraph

James Halluk

Senior ESG Energy Transition Advisor, Dubai, United Arab Emirates

Abstract

James Halluk is an international expert for strategy design of green fiscal policy governance in relation to the decarbonisation of the energy industry, carbon neutral investments, and environment regulatory requirements for federal/regional/municipal governments in regions where FPSOs operate and for waterway transportation routes. Designing bespoke methodologies for comprehensive ESMP frameworks, creating carbon neutral transition frameworks, advised on BAP, new Technology adoption and Program Management for sensitive offshore industry development.
